

Tender Notice

Quotations are invited from reputed parties interested in " Design , supply, erect & commission an Integrated Cow farm of 2500 adult cows & their young stocks along with Milk processing (upto 5 KL/Hour), Bio gas & organic manure production at our project site measuring around 110 acres in Batlagundu, District Dindigul, Tamil Nadu state. 50% of the project will be implemented in the first phase. Therefore the first phase would be for 1250 cows.

You may also note that we will give preference to the party which will like to undertake the complete project on turnkey basis(including design, supply , erection & commissioning). If however, you wish to quote only for the equipment supply, you may please indicate accordingly in your covering letter you are not interested in taking the project on turnkey basis. We shall consider your quotations for supply/installation as well.

Attached is the tentative list of equipments , civil works required & details of livestock for the project.
